## Product designer

Zagreb, Croatia

Hello! I'm looking for new projects as a product or UI/UX designer. I have 6 years of experience in product design, expertise in FinTech, and extensive experience working on complex and key projects. I love tackling difficult challenges, appreciate strong teams, and value people with a great sense of humor.

Open to both remote and on-site positions, with flexibility for relocation.

### EXPERIENCE

**Unlimit** — Global payment infrastructure for eCommerce and tech

**Senior product designer**

**2020–2026**

Designed one of the company's key services. Participated in the development of internal company services. Developed and maintained the design system. Contributed to the creation of the company's web portal and other resources. Grew from a Junior product designer to a Senior product designer. Have some experience in leading a team.

— the service generates profit and is used daily by thousands of customers, including large companies

— the portals have attracted numerous new clients, and the company is widely recognized in many regions worldwide as a major player in e-commerce

**DVIGA** — An international creative agency specializing in web development

**Senior designer**

**2015–2019**

Participated in the creation of corporate websites, online stores, and portals. Worked directly with clients. Created concepts, prototypes, UI kits, and even brand identity. Conducted reviews and testing. Supervised the work of two designers.

— delivered 15+ projects of varying complexity and scale

— two projects were recognized at the CSS Design Awards

— the studio is consistently ranked among the top in Russia and Vladivostok

### English proficiency

B2 level — Upper Intermediate
